

TITLE 18
WATER AND SEWERS

CHAPTER 1
WATER AND SEWERS

SECTION

18-103. Service connection and meter setting charges.

18-103. Service connection and meter setting charges. Water taps and service pipes for new service on existing mains two (2) inches and smaller shall be installed by the water department from the main to the property line unless otherwise approved by the utilities director. The owner or consumer will install all pipes and fixtures within the property line and keep the same in repair and shall attach to each water line a stop and waste cock. The owner is required to make all taps larger than two (2) inches and shall abide by the Town of Smyrna Standard Water and Sewer Specifications. The meter settings shall be placed at suitable locations selected by the water department. For such connection and meter setting, the consumer, or property owner, at the time of making application therefore, shall pay to the water department, as the expense thereof, such charge as may be prescribed by the town council. Such payment will be made prior to receiving a Certificate of Occupancy.
