

**TITLE 18**

**WATER AND SEWERS**

**CHAPTER 3**

**WATER AND WASTEWATER TAP FEE AND RATE SCHEDULE**

**18-304. Special assessment zone.** (1) The Harts Branch drainage basin sanitary sewer. (PROJECT 776). The "unit sewer capacity fee" shall be increased (over the base fee) by one hundred dollars (\$100.00) for each two thousand (2,000) l.f. of sanitary sewer construction which was completed under the Town of Smyrna Project Number 776. The base zone fee shall be one thousand two hundred dollars (\$1,200.00).

(2) The Stewart Creek drainage basin sanitary sewer. (Project 180). The attached Exhibit "B" indicates the special assessment zones related to the Stewart Creek Drainage basis. The "unit sewer capacity fee" shall be the base zone fee as established in § 8-302 plus one thousand six hundred dollars (\$1,600.00) in Zone A (East of I-24). The "unit sewer capacity fee" shall be the base zone fee as established in § 18-302 plus two thousand four hundred dollars (\$2,400.00) in Zone B (West of I-24). This fee will apply to all branch or extension sewer mains connected to the mains constructed under the "Project 180." (1991 Code, § 18-304, modified)

(3) The Sam Griffin Road basin sanitary sewer. (Project 14-01). The total capacity fee per equivalent residential unit for this assessment zone shall be \$2,000.00. This fee will apply to all branch or extension sewer mains connected to the mains constructed under the "Project 14-01.) (Ord. #14-28, Sep. 2014 modified.)
